

The 2010 Skipping Stones Honor Awards!

Each year we recognize outstanding books and teaching resources with our *Annual Skipping Stones Honor Awards*. The honored books promote an understanding of cultures, cultivate cooperation and encourage a deeper understanding of the world's diversity, ecological richness, respect for multiple viewpoints and close relationships within human societies. Bound to provide a great reading adventure, our selection offers a variety of learning experiences for readers of all ages.

The winners are presented in three categories—**Nature Books, Multicultural Books** and **Teaching Resources**. Thanks to our many reviewers from diverse backgrounds for helping us select these 25 titles. At *Skipping Stones* we believe good books offer an affordable and exciting way to explore and understand cultures, places, societies and their histories. Welcome to the wonderful world of words!
